I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: My Compounded medication alleviates symptoms that were not alleviated by the Synthetic medications I had taken in the past. The side affects I experienced with the synthetic hormones were debilitating as opposed to these Compounded natural hormones I have been taking for the past 3 years.
